# **Nature's Carpet Green Spectrum**

In today's world defining the term "Green" can be difficult. Therefore, we have created the "Green Spectrum" to clarify the varying degrees of our earth-friendly flooring.

### Dark Green:

- 100% undyed wool pile
- No insecticides
- No chemical additives
- Natural jute secondary backing
- Natural latex adhesive
- 98% biodegradable
- Ultra-low toxicity

#### **Medium Green:**

- 100% wool pile
- Undyed or stable low VOC dyes
- Insect resistant
- Natural jute secondary backing
- Very low toxicity

## **Light Green:**

- Wool or wool-blend pile
- Stable low VOC dyes
- Synthetic or jute secondary backing
- Low toxicity

### Additionally, every Natures Carpet shares these characteristics:

- Durable and long-lasting
- Soft & comfortable
- Excellent sound absorption and insulation
- Filters allergens and dust
- Made of wool a rapidly renewable resource
- International certification compliant:
  - o "GUT" Europe
  - o "Green Star" Australia/New Zealand
  - "LEED" North America

**INSTALLATION**: It is recommended that this carpet be installed in accordance with CRI Guidelines unless otherwise specified. See <a href="https://www.carpet-rug.org">www.carpet-rug.org</a> for details.

**COLOUR VARIATION**: Colour may vary from dye lot to dye lot.

**MATERIAL VARIATION**: Backing or other materials may change without notice depending on raw material availability.

**VACUUMING & MAINTENANCE**: Please refer to the "Wool Carpet Care & Maintenance Guide" provided by Colin Campbell & Sons Ltd. A wool-safe spot-cleaner is also available.

#### **SPECIFICATIONS**

Product Name: **ELEMENT** 

Green Spectrum: DARK GREEN

Style: TIP-SHEARED LOOP

Pile Content: 100% UNDYED WOOL

Width: **13'2"** 

Insect Resist: NO

Pile Weight: 45 OZ.

Primary Backing: **SYNTHETIC** 

Backing Adhesive: NATURAL RUBBER

Secondary Backing: JUTE

Pattern Repeat: NONE

Warranty: Details at www.naturescarpet.com/warranty

Usage: **RESIDENTIAL HEAVY DUTY**
